

April 2010 Student of the Month Spotlight - Tori O'Connell

An interview with the delightful Tori O'Connell:

How old are you?

I am 11 years old.

What school do you attend?

I am in 5th grade at New Holland Elementary.

How long have you been dancing?

I have been dancing for 9 years.

How long have you been dancing at Class Act?

This is my 8th year at Class Act.

What is your favorite dance style?

Ballet! I have been taking Ballet since I was 2 - it is so fun!

In what other activities do you participate?

The only things I really have time

for are gymnastics lessons and sleep!

But I also LOVE to sing and I absolutely love to be on stage!!

What are your favorite things about Class Act?

All the teachers are so funny & nice!

What would you like to be when you grow up?

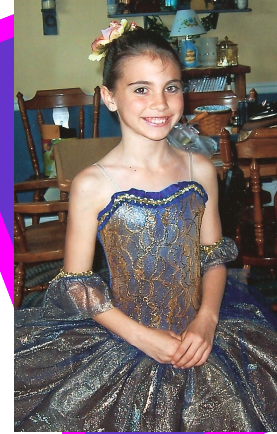

Even though I'm 11, I have it all planned out! I want to be a Kindergarten teacher and then teach Ballet to little kids when school is over.

Random question: On which TV show would you most like to make a guest appearance?

This was difficult to answer. Two show in particular:

I would like to be on 'Dancing with the Stars', for obvious reasons. I

would also like to be on 'NCIS'! I would love to meet the characters Tony & Abby and hang out with them. They are so cool that it hardly seems as though they're acting!
